For Pre-Free Skate, Free Skate 1-6, Excel, Well-Balanced, and Adult levels, eligibility will be based only upon highest badge level or free skate level passed.

Skaters may skate at the highest level passed OR one level higher, but not both levels in the same event during the same competition.

ELIGIBILITY RULES FOR PARTICIPANTS

The competition is open to ALL skaters who are current members of either Learn to Skate USA and/or those who are full members of U.S. Figure Skating. Members of other organizations are eligible to compete but must be a current registered member of Learn to Skate USA or a full member of U.S. Figure Skating. There will be no more than six competitors maximum in an event, and all six should receive an award.

ELIGIBILITY AND TEST REQUIREMENTS:

Eligibility will be based on skill level as of closing date of entries. All Snowplow Sam and Basic 1-6 skaters must skate at highest level passed or one level higher, and NO official U.S. Figure Skating tests may have been passed, including moves in the field or individual dances.

For the Pre-Free Skate, Free Skate 1-6, Excel, Well-Balanced, Adult and Adaptive levels, eligibility will be based only upon highest badge level or free skate test level passed. Skate United skaters have the option to compete in the standard track or Skate United track; accommodations may be made upon request. Special Olympics events are for skaters with intellectual disabilities. Skate United events are for skaters with physical disabilities. Adaptive events are for skaters with any type of disability. Moves in the field test level will not determine a skater's competitive level. Skaters may skate at highest level passed OR one level higher but not both levels in the same event during the same competition. **For Synchronized Skating eligibility and requirements refer to the Synchronized Skating page.**

It is very important to the success of the competition that skaters are placed in the correct divisions. If, for whatever reason, the local organizing committee (LOC) discovers that a skater has been placed in a category below his/her badge or test level, the chair and referee will have the option to move the skater into the proper level, even if it is the day of the competition. This will ensure that every event is as fair as possible to the competitors. It is an ethical violation for coaches to sandbag an event.

Competitive Progression Through the Levels of U.S. Figure Skating

Singles athletes begin with the Compete USA competitions. Once athletes begin the official U.S. Figure Skating test structure, they can choose to enter the Excel, Well-Balanced or Adult levels as appropriate for their ability, test, level and age. Test requirements are the same for the Excel and Well-Balanced levels. It is completely the choice of the athlete which track to follow; athletes may switch between tracks as best suits their development, but may not enter the same type of event in multiple tracks. Competitive level is determined by highest free skate test passed.

<i>SKATE UNITED</i>
Skate United competition events parallel standard track events and maintain the same eligibility and program requirements, but are for skaters with physical disabilities who will compete in a separate Skate United group.
<i>COMPETE USA</i>

Solo Pattern Dance

GENERAL EVENT PARAMETERS:

- Levels are based upon the skaters' highest pattern dance test passed
- A solo pattern dance competition event will consist of the skater performing two solo pattern dances
- The patterns to be skated depend upon which quarter of the year the competition is held. The skater will perform the two pattern dances listed for his/her level, based upon the date of the competition. If the competition falls over two quarters (for example, June 30–July 2), the dance will be selected based on the start date of the competition listed in the announcement (in this example, the second quarter).
- Skaters will complete both dances at each level. Dances will be scheduled at the discretion of the chief referee for each competition and may be competed consecutively or with a break in-between pattern dance groupings.
- Skaters with physical disabilities may register for standard track or Skate United Track for events

Showcase Events

Showcase events are open to skaters in the Basic, Free Skate, limited beginner, preliminary and adult bronze levels. Groups will be divided by number of entries and ages if possible. Skaters must enter at the same level as their free skate event or highest test level of skaters in the group ensemble or production number. If a free skate event is not being entered, skaters must enter at their current test level or one level higher.

Show costumes are permitted if they do not touch or drag on the ice. Costuming and makeup for showcase programs should enhance the feeling created by the performance and reflect the meaning of the story or theme. Ornaments and hair accessories must be secure. No bobby pins, feathers, hair accessories or anything else that may fall to the ice and be hazardous to the skaters are allowed. (a 0.1 deduction will be taken). Props and scenery must be placed and removed by unaided singles and duet competitors within one minute on and off and by unaided ensemble contestants within two minutes for setup and two minutes for removal. A 0.1 deduction will be assessed by the referee against each judge's mark for every 10 seconds in excess of the time allowed for the performance, for handling props and scenery and for scenery assistance.

Performances will be judged from an entertainment standpoint for theatrical qualities. Technical skating skills and difficulty will not be rewarded as such; however, skating must be the major element of the performance and be of sufficient quality to support the selected theatrical elements. Unintended falls, poorly executed skating elements and obvious loss of control will reduce contestant's marks. Jump difficulty is not rewarded in showcase; therefore jumps, if choreographed, should be performed with style, flow and confidence. Theatrical elements evaluated will include energy, poise, acting, pantomime, eye contact, choreography, form/extension and the use of props and ice. The 6.0 judging system will be used. Deductions will be made for skaters including technical elements not permitted in the event description.

** For specific guidelines regarding the conduct of showcase competitions, refer to the nonqualifying showcase guidelines posted on usfigureskating.org.*

Showcase categories may include:

- Levels may be subdivided or combined, if necessary, depending on entry numbers and event set up to ensure performances are contested as per the guidelines. Example combined events: Character Performance and Comedic Impressions.
- Emotional (formerly Dramatic) Performance: Programs should portray a story, expressing conflict, resolution and/or depth of emotion. Skater should provoke an emotional response with the audience - through related skating movements, gestures and choreographic processes.
